Drawing your kind attention to ours ICA/ICS - 6 we beg to remind you of the date June 30, 1970, till which we want to have collected all information on acoustical events. Let us kindly know of those which your Society intends to realize in 1971 and/or 1972. We want to repeat that your information should concern acoustical events organized by you or other societies and organizations where international participation is possible or sought, particular attention should be given to medium size symposia on specialized items. The information should circulate in July this year. To keep unity of the information, please, give us the same dates which you have found with events in our last circular.

Thank you for your cooperation.

Sincerely yours

Ing. Felix Kolmer DrSc.
